

# BIG SANDY NEWS.

Aut inveniam viam, aut faciam.

VOL. XIX, NO. 42.

LOUISA, LAWRENCE COUNTY, KENTUCKY, JUNE 17, 1904.

M. F. CONLEY, Publisher

## A Brilliant Page.

(By Louis, Mo., Special Correspondent, O'Connell Press Bureau.)

One of the most interesting pages of history written by the brilliant Macaulay, was that describing a meeting between Francis I. of France, and of Henry VIII of England, during which each vied with the other in the splendor of their retinue for a period of thirty days.

This sumptuous event between royalty is depicted with a fidelity to life in the Palais du Costume building at the World's Fair that has won for it the unqualified admiration of the thousands of patrons who have seen it. Correctly entitled the "Field of the Cloth of Gold," and so known to most every school child in the country, it is a marvelous narrative in tableaux of the actual scene which was created by M. Felix of Paris, and which was one of the wonders of the Paris Exposition. While this is but one of the many in the Palais du Costume exhibition brought over from Paris, London, England, to which place it was taken from Paris, yet its original cost alone was twenty thousand dollars, the entire collection selling for a million dollars.

Another one of the most talked of features of the exhibition is that showing the gown worn by Josephine, Empress of France, on the eve of the coronation of her husband, Napoleon. It is pure ermine and decorated with gold, and perhaps is the most valuable single robe in the world at the present time costing just \$50,000.

People who go to the Fair and who visit the "Pike" will not fail going to the Palais du Costume building, not only for the reason of its marvelous gown show, dating from the time of the fig leaf down to the latest creations of Felix, Coustet and Worth but also for the reason that the living feature in the nature of a dozen beautiful young women, each selected from a State in the Union, receive during the day and evening gowned in the latest fashion, so that they will be in keeping with the other portion of the entertainment.

W. E. OWENS.

## Farm, Stock and Crop.

A crop of old wheat sold last week in Mason county for \$1.07 a bushel.

In preventing horns to grow, there are some who split the skin and remove the button; others clip the hair and rub the button with caustic or lye, a little of which may be dissolved in water and applied to the place. This is easily done and causes no pain.

R. T. Gay weighed up 50 lambs to Cass Goff last Friday which weighed 102 pounds, at 5¢; J. A. Bush weighed up to same party for Nels Morris 50 lambs, 92 pounds, at 5¢; R. B. Scott bought in Fayette county last week a lot of lambs for delivery June 10 to July 10th at 5¢; R. B. Scott bought of Jas. Clay, of Bourbon county, 450 lambs delivered June 23, average weight 75 pounds, at 6¢.—Winchester Democrat.

Many gardeners fail in raising cucumbers and melons on account of the ravages of striped melon bug, diabrotica vittata. The pest is easily controlled. Take four ounces of soap and boil in one quart of water until soap is dissolved. Add four tablespoonsful of coal oil. Beat while hot for ten minutes. This quantity will last all summer if put away in a cool place. Take one tablespoonful of the jelly to bucket of water, stirring together. Water the vines once or twice a week. This mixture will not injure the most delicate plant and is a perfect insecticide.

## Starting Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by A. M. Hughes, Druggist. Trial bottles free, regular sizes 50c. and \$1.00.

## JOTTINGS.

While there is nothing new under the sun, the man who tries to beat the other fellow's game discovers there are many new combinations.

A Boyd county man went out in the dark a few nights ago to milk the cow, and drew the stool up to a bribe mule. His coffin cost \$60.

Don't laugh at a girl because she can't hit the side of a barn door with a brick; you might marry her some day, then you'll be glad of it.

A married man has one advantage over the bachelor; when anything goes wrong he can blame it on his wife.

When a woman's first baby is a boy she has a good guess as to who will be president in about forty years.

Blessed will be the inventor who perfects a device to compel a woman to shut up when she has said enough.

Worst of All Experiences. Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newton, Decatur, Ala. For three years she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by A. M. Hughes, Druggist.

## Wall Paper.

A fine line of new wall papers just received by the Snyder Hardware Co. Best values you can obtain anywhere.

## An Alarm Clock for 35c.

If you want to get up early and feel good all day take a Little Early Riser or two at bed time. These famous little pills relax the nerves, give quiet rest and refreshing sleep, with a gentle movement of the bowels about breakfast time. W. H. Howell, Houston, Tex., says "Early Risers are the best pills made for constipation, sick headache, biliousness, etc." Sold by Louisa Drug Co.

The School Census has just been completed under the supervision of Professor A. H. McClure. The total enrollment numbers 751, 346 boys and 405 girls; a gain over last year's enrollment of 140. Within the limits of the compulsory educational law, between the ages of 8 and 14, there are 372 children. The figures show a larger number of pupils per teacher than any other city school in the territory. It is also interesting to note that, of the total of 751 embraced in the census, the number attending during the past school term was 528; at private schools 3, and not attending either public or private schools 220.—Nogales (Ariz.) Times

## Loaded The Telephone.

The telephone connection of the Mutual Telephone Company with Getaway and vicinity has been completed, and with it comes woes for the farmer who is handling the instruments.

The first accident to be recorded, and one of the most unusual in the history of telephony, happened yesterday. The telephone that had been installed in one of the houses on the line got out of order, and, instead of calling in a telephone man, the farmer, who was of a mechanical turn of mind, decided that he would repair his own phone.

Consequently he carefully began taking the instrument to pieces to ascertain the location of the trouble. In so doing he took apart the transmitter and granulated carbon was spilled upon the floor. The farmer examined carbon, became convinced that it was ordinary gun powder, or at least gunpowder would do just as well. Consequently gunpowder took the place of carbon, the telephone was put together again and the farmer made an attempt to call central, to determine whether or not his repairs had been successful.

He rang the bell, there was a spark from the electric contact, the powder ignited an explosion followed, the telephone was a wreck and the farmer's face was considerably the worse for the wreck.

It's dollars to doughnuts that an expert well be called in the next time a telephone gets out of order in that vicinity.—Huntington Advertiser.

## Sued By His Doctor.

"A doctor here has sued me for \$125.00, which I claimed was excessive for a case of cholera morbus," says R. L. White, of Coahoma, Cal. "At trial he praised his medical skill and medicine. I asked himself if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by A. M. Hughes.

## W. Va. Oil Development.

Milton, W. Va.—A. Abraham and H. R. Simmons, contractors, who put the first well down in this, the Cabell oil field, and who owned a one fifth interest in the Cabell Oil & Gas Company, sold their entire interests to the Cabell Company for \$60,000. All the stockholders of the Cabell Oil & Gas Company and the Harshbarger Oil Company are now composed of local people, and their properties are valued at \$400,000. There are a number of large companies now coming to this field, and some fancy prices are being paid for leases. R. W. Beckett, a farmer, on whose land the first oil was found, and who was offered \$25,000 for his property, now has an income of \$100 per day. Several neighboring farmers have incomes at from \$25 to \$50. There is a well due Tuesday which is being watched with considerable interest, and if it proves to be "O.K." it will create a greater stir among the producers, as it will open up new territory. Leases are now being taken from 18 to 25 miles north and south of the present wells, as the indications for oil are very favorable. About 25 companies are now represented here.

## That Throbbing Headache.

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merits for Sick and Nervous Headaches. They make pure blood and build up your health. Only 25c. money back if not cured. Sold by A. M. Hughes, Druggist.

## THOMAS.

Quarterly meeting was held at Bannock on the 20th. There was a large crowd present and a fine sermon by Rev. Tyree.

Walker Scott and Mose Collinsworth were visitors at W. E. McCoy's last Sunday.

Miss Bester Scott visited Miss Dixie Maynard Saturday.

Lace Cassidy, our prominent merchant, attended the taffy pulling at R. L. Jackson's Saturday night and reports a good time.

Hayes McCoy is suffering from a bad attack of heart trouble, but the Dr. thinks he will recover.

McCoy & Cassidy are doing nicely with their store on Front street.

H. W. & P. P. McCoy are having a nice trade on 3rd avenue.

Madam rumor says the wedding bells are soon to ring again.

There was a church wedding at Bannock on the 28th. W. C. Blackburn to Oona E. Runyon. May their path be strewn with flowers.

Married on the 28th, Bill Scott to Grace Blackburn. We wish them much joy. May their home be a happy one.

The dance near Thomas Saturday night was a grand success.

William Sherman departed this life on June 1st, and was laid to rest near his home. The bereaved family have our heart felt sympathy. May they be comforted in this sad hour.

Minnie Mahagan.

## Money in Ginseng.

It is noted with pleasure that Anderson county people are beginning the cultivation of ginseng. Mr. Grover Routt, of Stinnett, has something like a quarter of an acre under cultivation. He is meeting with fine success. Mr. Routt is a brother-in-law of Mr. Joe Waterfill, the well known Lawrenceburg banker. Mr. Matt Morris is also cultivating ginseng with success. A great deal of interest was aroused here last Saturday when Mr. C. L. Carter, of Stanford, came to town and told of some remarkable sales in Pulaski county. He said that Charley Nunnally, who is the original and largest ginseng farmer in Pulaski county, had refused \$120,000 for a three-acre field of ginseng which has been under cultivation three or four years. Mr. Nunnally gathered fifteen bushels of seed last year and sold the same at \$5,000 per bushel or \$75,000 for his entire crop. The seed are about the size of mustard seed and wholesale at three cents each. Plants sell at \$1 each when of the proper age. Another Pulaski county grower sold a fraction over an acre for \$50,000. While to people in Anderson county these prices may seem gigantic, nevertheless they are genuine. The soil in this section is said to be especially adapted to ginseng growing and our people ought to investigate it.—Anderson News.

## Louisa Drug Co.

asks the readers of this paper to test the value of Kodol Dyspepsia Cure. Those persons who have used it, do not hesitate to recommend it to their friends. Kodol digests what you eat, cures indigestion, dyspepsia and all stomach troubles. Increases strength by enabling the stomach and digestive organs to contribute to the blood all of the nutriment contained in the food. Kodol Dyspepsia Cure is pleasant and palatable.

## All Over the House.

To clean brass nothing is better than the old-fashioned plan of rubbing with a paste made of powdered bathbrick and paraffine, and then with dry powdered bathbrick. A mixture of lemon juice and powdered chalk used in the same way is also excellent.

To clean water bottles and decanters, mix together half a gill of vinegar and a handful of salt. Shake well in the decanters to be cleaned. No matter how discolored, this treatment has been tried and found successful.

To clean raisins and currants, roll in flour, and then pick off all large stalks. If currants are washed, they must be dried before being added to cakes.

When pouring hot fruit into a glass dish, place the latter on a wet cloth. This prevents any chance of the glass cracking, which would otherwise be very likely to happen.

To bring out the brilliancy of cut glass, ammonia should be placed in the water in which it is to be rinsed.

## A GENEROUS OFFER FROM LOUISVILLE, KY.

We are pleased to advise our readers that the Paracamp Company, of Louisville, Ky., which is owned by representative business men of that city, are offering a full-size bottle of the new, scientific, quick-healing preparation, Paracamp-First Aid to the Injured—to any one who has never tried it, and who is suffering from any of the ailments mentioned below. The owners of Paracamp, recognizing the true merit of their preparation, give you a bottle free, in order that you may convince yourself of its value.

The remarkable cures of Paracamp in all cases of Congestion, Swellings, Inflammation, Rheumatism, Neuralgia, Pneumonia, La Grippe, Throat Troubles, Catarrh, Eczema, Tetter, Itching or Bleeding Piles, has attracted the attention of medical men and hospital throughout the entire country. Paracamp cures in a scientific manner. It works through the pores of the skin, hence it can not upset or destroy the delicate tissues of the stomach. It will not ruin your nervous system like many strong internal remedies. It is a clean, pure, high-class remedy, that you need in your home every day in the year. A bottle is offered you free if you will fill out the coupon and mail it at once. The use of one bottle will convince you of the magical power of this new remedy for relieving pain and curing any of the diseases mentioned above.

Cut out this coupon at once, fill out the blanks and mail it to:

THE PARACAMP CO., Louisville, Ky.

My disease is.....

I have never used Paracamp, but if you will send me a bottle free of cost, I will try it.

Name.....

Street Address.....

County and State.....

(Give full address. Write plainly.)

Remember, PARACAMP is recommended by surgeons and physicians. Used by thousands of the world over. Thousands of testimonials. Guaranteed perfectly harmless.

## Mutual Protection Society.

The following was written by the editorial writer of the Cincinnati Post:

The Post is in receipt of a little document that explains the missions and aims of the Mutual Protection Society.

Yes, it is a lodge. It may have grips and passwords and a goat for the exclusive use of would-be members in process of initiation. Those things are frills, anyway. They neither help nor hurt.

But this organization stands for good citizenship. Its whole work will have been performed when all the offices are filled with honest men; when "graff" shall play no part in public affairs; when decency and respect for the law obtains everywhere.

The Mutual Protection Society is a Kentucky concern. Its principles are fitted to the needs of every State in the Union. The pamphlet which explains its aims is fully worth space in an editorial column. Here it is:

WHAT THE MUTUAL PROTECTION SOCIETY STANDS FOR.

To insure a more perfect administration in our civic affairs.

To effect the prompt and impartial enforcement of the law.

To correct existing abuses and prevent their future recurrence.

To protect citizens from the evils of careless and corrupt legislation.

To secure such legislation as the interests of the people may from time to time require.

To see that the several political parties select good candidates for office.

To arouse a more widely extended interest in civic affairs.

To work for the betterment of the common school system.

To use all means within our power to better the quality of our voters.

To awaken the public conscience to the fact that citizenship is a public office, and a "public office a public trust."

That leaflet was issued by Louisa Lodge, of Louisa, Ky., and the members of Louisa Lodge have just succeeded in driving out of existence some low dives, and are engaged in founding a public library for their home town.

Give every town and city in the land an organization that will work earnestly and energetically along the lines laid down in that circular and the day of municipal purification will have dawned.

## Driven to Desperation.

Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident resulting in Burns, Cuts, Wounds, Ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. It's the best on earth. 25c. at A. M. Hughes' Drug Store.

## VESSE.

Prof. John Bush is laid on the shelf this week with a catarrh on his hand. Uncle Dow McCormack's little girl is very sick and it is thought she has typhoid fever.

Miss Myrtle Handley has been very sick, but is convalescing at this writing. The recent heavy rains have done a great deal of damage to the roads and growing crops. Some fields were left without any loose dirt. Messrs. Walter Miller and W. E. Cunningham had put five hundred pounds of fertilizer over a field and have lost all. The rock culvert at the mouth of Rye Field is a complete wreck.

Prof. Robt. Yates and Rev. Likens Sprague, of Wayne, W. Va., were the guests of Miss Maud Hendley Sunday.

Master Jake Neal spent Sunday very pleasantly at V. B. Shortridge's.

Mr. Harvey Daniel and Miss Mary Jane Hicks were united in the holy bonds of matrimony last week and have gone to housekeeping in their new home on Little East Fork.

V. B. Shortridge has returned from Ohio and is well pleased with his visit. Orlando Castle, one of the society leaders here attended the social at Mr. William Corwell's Saturday evening and reports a very pleasant time. It is thought that Mr. Castle is tired of single blessedness.

Isaac Cunningham and wife were shopping at Fallingburg Saturday.

Miss Minnie Miller called on friends on Little East Fork Monday.

Prof. G. T. Dory, of Carter county, was the guest of Miss Dora Woods Sunday.

Misses May and Addie Belcher and Nola Neal visited friends on Little East Fork Saturday.

Mr. and Mrs. John S. Riffe spent Saturday and Sunday with friends at Ashland.

Col. C. T. Neal and wife visited friends at Radcliff Saturday and Sunday.

Miss Pearl Justice, of Rye Fields, was the guest of Miss Nova Shortridge Sunday.

Mr. and Mrs. Ed Queen visited friends at Ashland Saturday and Sunday.

Messrs. Will Buckler, Cleve Queen, Will Fanning, Herbert Queen and Elder Jesse Miller were the guests of friends on Big East Fork Saturday.

Elmer Chestwood is conceded to be the cleverest horse trader in town.

Rev. Sargent preached a very able and interesting sermon at Trinity Sunday. He is a very zealous worker and we predict much good will be accomplished as a result of his faithful work.

## Junkins.

## DYSPEPSIA THREE YEARS.

Pe-ru-na Effected a Prompt Cure.

Thomas Mimmigh, Secretary of Municipal Court of the Ancient Order of Foresters; also interested in the Red Men and K. of P., and a rising young politician, writes from 408 West 49th street, New York:

"I am glad to have an opportunity to testify to the value of Peru-na as a tonic. I suffered from a disordered stomach and a constant headache for two or three years. This was accompanied by a nervous irritability that kept me in misery by day and by night. I had heard and read so much about Peru-na that I decided to give it a trial. After I had taken Peru-na regularly for a month the symptoms all disappeared. To me it was like waking up from a terrible nightmare. My stomach is now in its natural condition. I eat well and I sleep well. I take this opportunity to recommend Peru-na as a tonic for a system out of order."

THOMAS MIMMIGH.

If you do not derive prompt and satisfactory results from the use of Peru-na, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

## Stolen Wisdom.

Most people who grant a favor expect two in return.

Every dog has his day—and wise is the dog that knows when he is having it.

The men who never make mistakes are not the ones who fill responsible positions.

A girl doesn't mind her rival being exasperatingly clever if she is also consolingly ugly.

It makes some men painfully honest when their neighbors acquire fortunes by dishonest methods.

The self-made man is often so busy boasting of his handiwork after it reaches a certain stage that he has no time to finish the job.

## Ten Years in Bed.

R. A. Gray, J. P., Oakville, Ind., writes, "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." Sold by Louisa Drug Co.

## Parentetical Remarks.

A Well-known Indiana man One dark night last week Went to the cellar with a match In search of a gas leak.

(He found it.)

John Welch by curiosity (Dispatches state) was goaded. He squinted in his old shotgun. To see if it was loaded.

(It was.)

A man in Mason stopped to watch A patent cigar clipper. He wondered if his finger was Not quicker than the nipper.

(It wasn't.)

A Maine man read that human eyes Of hypnosis were full; He went to see if it would work Upon an angry bull.

(It wouldn't.)

—(San Francisco Bulletin.)

## HEALTHY MOTHERS.

Mothers should always keep in good bodily health. They owe it to their children. Yet it is no unusual sight to see a mother, with babe in arms, coughing violently and exhibiting all the symptoms of a consumptive tendency. And why should this dangerous condition exist, dangerous alike to mother and child, when Dr. Boecher's German Syrup would put a stop to it at once? No mother need be without this old and tried remedy in the house—for its timely use will promptly cure any lung, throat or bronchial trouble in herself or her children. The worst cough or cold can be speedily cured by German Syrup; so can hoarseness and congestion of the bronchial tubes. It makes expectation easy, and gives instant relief and refreshing rest to the cough-racked consumptive. New trial bottles, 25c; large size, 75c. At all druggists. Louisa Drug Co.

Admiral Chadwick has cabled the State Department that he has landed marines at Tangier to protect the Belgian Legation, having been requested to do so by the American Consul General. A dispatch from Tangier says the Sultan of Morocco has agreed to accede to the demands of the bandit, Raisuli, to secure the release of Perdicaris and Varley.

## SEEKING NEW BUSINESS.

College Brand Clothes

Ironton, Ohio's greatest store, with branches at Welch, W. Va., and Uniontown, Pa., and other places, wants to interest the good people of Louisa and vicinity. This store handles the greatest line of Clothing, Hats and Furnishings of any house in this part of Ohio, Kentucky and West Virginia.

It will more than pay you to go there for your wearing apparel.

It has been the leading house for 23 years, doing a very large business, and is therefore in a position to show you the kind of goods that no one else can and name such prices that no one else dare mention.

A trial is all we ask. On large purchases we will pay part of your fare. Come see us sure.

**A. J. BRUMBERG,**  
Ironton, Ohio.  
Clothier - Hatter - Haberdasher.

## Excursion to Ashland

**MONDAY, JUNE 20**
